

Induction Day

A Day in the life of the Abbey Vocational School

On Tuesday, 11th December we invite our entire incoming first year students into the school from 10.00 a.m. until 2.15 p.m. for the day. It is recommended that students engage in a transfer process so that they become familiar with the school and the workings of the school day before joining us in September.

On the Induction Day the students will be collected by bus (which has been arranged by us) from their Primary school and brought to the Abbey Vocational School for the day. They will get to sample a “day in the life of the school” and meet teachers and pupils.

Students will be collected in order to arrive at the school at 10.00 a.m. Buses will return all students back to their primary school at 2.15 p.m.

Students will follow a timetable for the day, which includes all of the optional subjects, which they can taste. They will follow the school map in moving from classroom to classroom and will have break and lunch here in the canteen, which we will provide.

We hope that this will be a beneficial day for all and remind you that an Information Evening for parents will be held on Tuesday, 15th January from 7.00 p.m. to 8.00 p.m. here in the school.

The Abbey Vocational School invites you to attend our OPEN EVENING

**On
Thursday, 6th December 2018
5pm to 8pm**

We would be delighted for you to take a tour of our school and see practical demonstrations and displays of students' work from all of our subject departments. I hope that the people of Donegal Town and the wider community will take this opportunity to view our excellent facilities. We especially hope that all of our incoming students will attend with their parents. An adult must accompany all persons under 18.

We will have a table set up to facilitate anyone who wishes to return the admission form on the night of the Open Evening. We encourage you to please do this. Deadline for enrolment is Monday, 10th December 2018 at 4 p.m.

Mrs. Geraldine Diver,
Principal.
