First Year Book Rental 2019/2020

Books **underlined** are available through the Book Rental Scheme.

All other books/materials on the list must be bought. Teachers will inform students of any extra class materials required e.g. copies, hardbacks in September.

All rented books remain the property of the school. Students must keep their books in good condition as they have to be returned to the school to be used by future students. Students should ensure their names are on the books in case they are mislaid or lost.

There will be a specific date for the Book Rental, which will take place – we anticipate towards the end of June – but a precise date will be sent by text message closer to the day.

The Maths packs will be available from Maths teachers to buy in class at €25 during the 1st week of September. Because they are purchased in bulk by the school it is much more economical than buying the items individually. Maths Packs **must** be bought by all students.

The “Maths Pack” includes:

- A4 ziplock bag
- A4 whiteboard
- Markers & erasers
- 5mm copy book
- Mathematical set
- Casio fx83 calculator
- Hardback notebook
- Log Tables
